YOUR PROBLEMS... SOLVED?

Teammates fight over girl

Dear RR,

I'm 15 and I told my teammate about a girl I have a crush on. I finally asked her out on a date, and she said yes.

During the date, we ran into my teammate, who started flirting with her right in front of me! I got angry and yelled at my teammate. I grabbed my date and walked away.

The next day at team practice, my teammate called me a 'cry baby' and kept joking about almost stealing my date. I really wanted to punch him but my coach told us to leave it. Now I feel embarrassed but I don't want to lose her as I've liked her for so long.

Do you think she will understand why I dragged her away?

Jamie

Dear RR,

I'm 15 and I've been seeing my boyfriend for 6 months and he asked me to send a photo of me topless but my friends have told me not to in case he shares it.

He's promised me this would never happen because he loves me and he just wants to have a photo of me to look at when he's lonely...should I send him one???

Ella

Dear RR,

Hey! I'm 14 and I have met this really nice lad:)

However, 3 weeks into being with him... he cheated on me with his best girl mate. I was heartbroken but I agreed to get back with him 2 hours later...

I really didn't trust him when we went away to separate holiday places...

I got back from holiday and I'm now back with him. I love him loads and I don't want to lose him... I'm paranoid he will do it again... He has promised he will never do it again...

I've been cheated on 3 times by 2 lads...

IF YOU WAS ME WOULD YOU TRUST HIM OR FINISH HIM AND MOVE ON

Please help!

Love,

yasxxxx

Dear RR,

Hi, I hope you can help me as I don't know who I can ask about this!

I really like my girlfriend. We've been together nearly 6 weeks now. It was so good in the beginning. We would spend all our time together. It was the summer holidays so we had lots of spare time!

Now I have to focus on my education. It doesn't seem to me that she's that bothered about her exams. She's constantly messaging me on social media and gets really angry when she thinks I'm talking to other girls. She goes crazy at me if girls like or comment on my posts.

The other day I caught her going through my phone. How can I tell her it makes me uncomfortable without hurting her feelings?

Toni Ashton
